

## Celebrating Genomics Through Awareness

Conference Theme & Call for registration and Abstract submission

### DNA Day 2018

#### “21st Century: Era of Biotechnology - Linking with Society”

Since a thousand years, people are using biotechnology knowingly or unknowingly in agriculture, environment, and medicine and food production. The remarkable change on biotechnology came about after Watson and Crick discovered the double helical DNA model on 25<sup>th</sup> April 1953. The Human Genome Project was also completed in April 2003. After these breakthroughs, biotechnology and biological sciences entered a new era and progressed immensely to reach out for the global problems of today's world such as energy crisis, food crisis, global warming, unknown diseases and much more. But the majority of the people are unaware of biotechnology and its application to the human life.

The Biotechnology Society of Nepal (BSN) is organizing a two-day program to celebrate the **World DNA Day 2018** with an objective to aware the nation about life sciences and its impact, hand by hand with the concern partners and social organizations. The celebration will include the audio-visual presentation of experts, scientists and policy makers, scientific march, Award distribution to the Glorious contributors of the scientific community and the winning participants in various events - DNA model and art competition, Essay Competition, and presenters. A part of the program, the DNA Day 2018 conference is categorized as

***Theme A: Plant and Agricultural Bioscience***

***Theme B: Food and Industrial Bioscience***

***Theme C: Medical and pharmaceutical Bioscience***

***Theme D: Environmental and Conservation Bioscience***

S.N	National	International
1. B helix category	1000	10\$
2. Z helix category	500	5\$

## Celebrating Genomics Through Awareness

### B helix category

This category includes the complete package of participation in 4 sessions of the conference. The participant shall be awarded certificate, conference kit and lunch. The participant can freely participate in all the events such as essay competition, stall exhibitor as well. \*excludes unconference participation.

### Z Helix category

This category includes the package of participation in 4 sessions of the conference. The participant shall be awarded certificate and conference kit. The participant can freely participate in all the events such as essay competition, stall exhibitor as well. \*excludes unconference participation.

### Join us

- To aware the government and policy makers
- To share your knowledge, expertise, and experience
- To participate in biggest scientific march
- To know, understand, and collaborate with researchers, entrepreneurs, and scientists
- To show your creativity on arts, essay and DNA model and win prize
- To participate in social activities such as blood donation

### Program venue

- Nepal Academy of Science and Technology (NAST), Khumaltar, Lalitpur

### Date

- 24<sup>th</sup> and 25<sup>th</sup> April, 2018

### Awards

## Celebrating Genomics Through Awareness

Best poster: Top three will be awarded

Best oral: Top three will be awarded

Please send your abstract (oral and/or poster) at [dnadaybsn@gmail.com](mailto:dnadaybsn@gmail.com)

Contact: [info@bsn.org.np](mailto:info@bsn.org.np), [bioson01@gmail.com](mailto:bioson01@gmail.com)

+977-9841585197, +977-9849051176, +977-9860204183, +977-9849178890

**PS: For poster and oral presentation, certificates will be provided to all the paid participants from the group. While if any group win the prize then only first author will get certificate.**

**50% and 25% off for BSN lifetime member and annual member respectively.**
